Christmas Eve & New Year's Eve deliveries

Mainland UK orders placed by the 3 pm cut-off on Wednesday 23rd December and Wednesday 30th December will be scheduled for delivery on 24th December and 31st December respectively. Please ensure your clinic will be open and available to receive your order.

Closing early?

For UK locations eligible for next-day delivery, please place your order and then call or email us. We can review the available delivery options and, where possible, arrange an earlier delivery time.

Normal service resumes Monday 4th January 2027

ROI, Northern Ireland, the Highlands, Islands, British Isles and parts of Scotland

- To provide the best opportunity for delivery before Christmas, we recommend placing all orders by 3 pm on Wednesday 16th December.
- For orders needed by Thursday 31st December, order by 12 noon on Tuesday 29th December.
- ROI and Northern Ireland orders dispatched on Wednesday 23rd December will not arrive until Thursday 31st December.
- Monday 4th January is a Scottish bank holiday – no deliveries in Scotland that day.
- We understand that urgent clinical needs may arise at short notice. Where this happens, please place your order and contact us. We will review the delivery options available for your location and advise what may be possible.

* Fridge line orders will only be dispatched if ordered before 3 pm on Tuesday 22nd December and before 12 noon on Tuesday 29th December.

** Orders can be placed online anytime but are processed during business hours. Dispatch dates depend on order time, and next day delivery is available (postcode restrictions may apply). Delivery dates over the festive period are a guide and cannot be guaranteed.
